

# BUSINESS\$ IN FREEPORT

**Low energy rates** and a **business-friendly municipal government** are two reasons why companies relocate to the **Village of Freeport**.

## Utility Cost Comparison

### ConEd vs. Freeport Electric

30 Day Billing Period ending Dec. 13, 2013  
134,400 kWh / 352.00 kW

### TOTAL COST

ConEd \$24,365.73

Freeport Electric \$14,748.93

**One Month Savings \$9,616.80**

ConEd

\$24,365.73

Freeport  
Electric

\$14,748.93

## Additional Considerations

- Freeport Electric has the **Lowest Electric Rates on Long Island**, a 99.993% system reliability rating.
- Freeport Electric is 85% clean/green, renewable hydro-electric sources.
- Power available to all commercial customers within 5 days after Super Storm Sandy.

**Potential Annual Savings \$115,401.60**

*Freeport's availability of workers and its proximity to major highways, waterways and public transportation hubs, including the Long Island Rail Road, further enhance the attractive element in bringing your business to the Incorporated Village of Freeport.*
